

DUANE BROKE CAR

SON OF JOHN C. DAWSON RAN IT INTO DITCH SATURDAY.

FIVE ESCAPE INJURY

Grant City Banker Telephoned Today For Machine, With or Without Boy, to Be Sent Home.

"Fix the car, put the boy in it and have some good driver bring them home. If the boy won't come, bring the car and leave him."

This, in substance, was the message sent to the Wilderman garage this morning by John C. Dawson, president of the Citizens bank of Grant City. The boy is Duane Dawson, who ran off with his father's car two weeks ago and came to Maryville, and in coming here again last Saturday night ran into a ditch and smashed the car.

Young Dawson picked up four Sheridan, Mo., boys Saturday night and started to Maryville. When at the Council Corner school house, about three miles east of town, he lost control of the car in crossing one of the new bridges that the township board has been putting in. They were running about thirty miles an hour, Dawson told the garage men, when they struck the soft earth made by the fill. The car went into the ditch, which is six or seven feet deep, and turned over. The top was up and saved any of the boys from being hurt.

The car, however, was rather badly broken. The front axle was bent and one front wheel smashed. The top was broken and one side of the body bent so that the door would not shut.

The accident occurred between 10 and 11 o'clock, and the boys were brought to Maryville by another car which passed by soon after the accident. A repair car was sent out from the Wilderman garage and the damaged machine brought to town.

After Mr. Dawson's message from Grant City this morning, Roy Yeaman started at noon to drive the car back to Grant City.

Duane Dawson is the boy who had trouble over the same car here two weeks ago. He took it from home and came to Maryville without his parents' knowledge. His father sent word for the authorities to hold the car and send it home, and after several promises to take it back himself and as many delays, Duane drove the car home after a three days' absence.

ALL-STARS THREW GAME AWAY.

Errors Made It Easy for Whitesville to Win 6 to 3 Game Sunday.

The All Stars literally threw away the game at Riffe's Park yesterday to the Whitesville base ball team, losing 6 to 3.

After the fourth inning there wasn't anything to it—too much Thares. After the All Stars had scored two runs in the second and added another in the fourth, Carmichael fielded a bunt, threw it wide to his brother on first. He caught the fever and threw wide to Miller on third. When the ball was corralled at home one score was registered, and another runner was on second. Two hits and an out scored two more. Whitesville duplicated the trick in the eighth. Wogan came to Carmichael's relief in the ninth.

Summary—Struck out, Wogan 2, Thares 7. Carmichael issued two free passes, Wogan 1 and Thares 2. Hit by pitched ball, Carmichael 1.

WORKMAN INJURED.

James Yeager Falls From Second Story—Badly Injured.

About noon today, while working on the new home of Mrs. Charles Alry, on West Fourth street, James Yeager, a carpenter, fell from a scaffold and was quite badly injured. Yeager was standing on a scaffold at the top of the second story when the board broke. As he hit the ground he struck a pile of lumber. His face and head was cut and bruised and he received some bad contusions and it is feared internal injuries. After his fall, Yeager walked to his home, a few blocks distant. A physician was summoned and the examination found his injuries to be serious.

LOGAN CHILD DIES.

Funeral Services Tomorrow Morning at Skidmore Church.

Paul Marquis, the 5-year-old son of Mr. and Mrs. M. H. Logan of near Quitman, died yesterday morning at St. Francis hospital in this city. The child was brought to the hospital Friday suffering with a severe case of appendicitis, for which he underwent an operation Saturday.

The funeral services will be held at 10 o'clock Tuesday morning at the Christian church at Skidmore.

ON TRIP ABROAD.

Mr. and Mrs. Kuchs Start Tomorrow On Extensive Trip to Europe.

Mr. and Mrs. Richard Kuchs will leave in the morning for St. Joseph, where they will be joined by Mr. Kuchs' brother and his wife, Mr. and Mrs. Carl Kuchs and the party will then journey to New York City, stopping at several places en route and will sail on August 5, on the Vaterland, for three months trip abroad. They will visit the old homes of both Mr. and Mrs. Kuchs in Germany and places of interest on the continent and in England before returning. Richard Kuchs, Jr., of Springfield, Ill., arrived in Maryville Sunday to visit his parents before they start on their journey.

KEMPS FINISH THEIR TOUR.

Return Saturday Night From Three Weeks' Motor Trip Through West—See Good Crops.

Mr. and Mrs. S. H. Kemp and family returned Saturday night from a three weeks' motor trip through the West. Their trip to Denver, with side excursions, covered 2,200 miles, and one puncture was the only trouble of any kind they had.

Mr. Kemp said this morning that the crops all through the west along the Platte river were luxuriant. Alfalfa, sugar beets and wheat are the staple crops, and he said it looked as if there were enough to supply the world. Not until they reached Columbus, Nebr., on their return trip did they see any effects of the hot, dry weather. There the corn was beginning to fire.

On the trip Mr. Kemp visited the Y. M. C. A.'s and gathered information as to their cost and methods of operation to present to the Y. M. C. A. committee here.

TODAY'S NOON HOTTEST OF YEAR.

Was 102 at 12 o'clock—Government Predicts Showers and Cooler the Latter Part of the Week.

The temperature at 12 o'clock today was hotter than it has been at noon any other day this summer. The thermometer registered 102. Yesterday's highest temperature was 100.

The hottest day this year was two weeks ago Sunday, when the thermometer went to 106. This was one degree higher than the hottest July day last year, July 16. For five consecutive years now the thermometer has gone above 100 in July, but previous to this time it reached 100 in only four of twenty years.

The weather report sent out from Washington yesterday predicts warm and generally fair weather over the whole country for the first half of the week. After that will come local showers and thunderstorms, followed by cooler weather in the northern and central states.

ROLL-TOP DESK IS BARRED.

In the Interest of Efficiency Eastern Railroad Equips Its Offices With Modern Furnishings.

This is an age of efficiency, and in the successful stores, offices and corporations one sees many things that make for more efficient work on the part of every one from the big boss down to the janitor.

Nowhere perhaps is efficiency more rigidly demanded than on most of the railroads. An order just issued by an eastern railroad is illustrative of the point. This order forbids the use of roll-top desks by any of the employees—all offices from the president's down and all those along the system have been equipped with flat-top desks.

This is so the men will not cram pigeonholes full of papers and pile work and papers on their desks, close them up and go home. The man with a flat-top desk will clear it off before leaving; in fact, it's mandatory in this case, and he steps up to his desk the next morning, not having to fuss and fume over a pile of unsorted papers, but ready to dig right in on the day's job. There's nothing left undone from yesterday.

TO BE 15 FLIGHTS

BLERIOT MONOPLANE WILL GO UP EACH DAY OF FAIR.

IT MAY BE INSPECTED

Iowa Brigade Band Will Be Here Five Days—Billing of Country Starts Wednesday.

Fifteen aeroplane flights, assured under any conditions of weather except a tornado, have been secured for the Nodaway county fair. Three flights will be made each day at 10 o'clock in the morning, 1 and 5:30 o'clock in the afternoon.

The contract for these flights has been signed with the Moissant company, one of the largest and most responsible companies in the country. Every man sent out guarantees to fly in any kind of weather except a tornado. A Blériot monoplane, different from any machine ever seen here, will be used for the flights. The aviator who comes with it will bring his mechanics and a hangar to keep the monoplane in. Between the flights the machine will be on exhibition and may be freely inspected by the fair visitors.

The Iowa Brigade band of Oskaloosa has been secured to come here for the five days of the fair. It will camp on the grounds, and with the Maryville band will furnish the music for the fair.

J. M. Stevens, manager of the fair, returned this morning from Des Moines and said that the lithographic posters for the fair would be here tomorrow, and that Wednesday cars would be sent out over the county and the work of billing the surrounding towns and country begun.

NO ABSENT PRIMARY VOTE.

Secretary of State Roach Rules Election Rule Doesn't Apply.

Cornelius P. Roach, secretary of state, has ruled that absentee voters will not be permitted to vote in the state primary August 4. Roach ruled the law which permits traveling men, students, railroad men and others whose business takes them away from home on election day, to cast their votes by mail, does not apply to the primary.

SHEPHERD LEAVES

NORMAL MAN RESIGNED POSITION SATURDAY.

HE WILL GO TO OREGON

Has \$2,000 Place in State Agricultural College at Corvallis—Is a Large School.

Prof. Frank H. Shepherd, director of the manual training department of the Normal, resigned last Saturday and will go to the Oregon Agricultural college at Corvallis, Ore., to take a position just offered him.

Mr. Shepherd's resignation here was accepted by the board of regents and will take effect September 1. He left Saturday with several members of the graduating class for Menomonee, Wis., to spend five weeks in the summer term of the Stout Industrial Training school. He will not leave for Oregon until after that.

Mr. Shepherd goes to take charge of a new course of work in the Oregon Agricultural college. By an act of the last legislature the work of the state schools of Oregon is not duplicated. The agricultural college was made the school for the training of teachers in agriculture, domestic science and manual training. Formerly this technical work was given with no thought of training teachers. A four years' course, leading to the A. B. degree, with a special view to preparing teachers for work along these lines is now established. It is this department of the school of which Mr. Shepherd will have charge. In addition, he will visit the schools of the state in the capacity of an inspector, with special reference to the vocational education as taught in the schools, and he will act as an advisor with superintendents as to the courses of study and equipment. His salary will be \$2,000 a year.

The Oregon Agricultural college is located at Corvallis, Benton county, Ore., eighty miles south of Portland. It is in the Willamette valley, between the coast range and Cascade mountains, about forty miles from the Pacific coast. The school is one of the largest in the state, has fifty-one buildings on the campus and last year enrolled 3,700 students.

Mr. Shepherd came to Maryville from Crede, Col., in May, 1911. He re-

FRANK H. SHEPHERD.

organized the department of manual training, which had been closed for several years, and the students who have specialized in that department and been graduated have all gone out to good positions in this and other states.

As President Richardson received no notice of Mr. Shepherd's resignation until Saturday, he has made no plans for filling the vacancy.

Mrs. Shepherd will leave next week for Denver, Col., to visit with her parents and will go on to Corvallis with Mr. Shepherd about September 1.

BIG CROWD AT ANNUAL PICNIC.

Knights of Columbus Celebrate Day at Chautauqua Park.

Nearly three hundred people attended the annual picnic given yesterday by the Knights of Columbus at Chautauqua park. Dinner was served at noon. The people attending brought baskets of good things, and the Knights provided ice cream and lemonade for the crowd. During the afternoon a few amateur athletic stunts were on the program. In the fat men's race, William Doffing and Ed Gallagher tied for the honors and had to do the race over, Gallagher winning. John Costello won on the sack race for boys and Mary Cummins in the egg race for girls. In the ball throwing contest for women, Mrs. Mary Tobin won the prize. The rest of the afternoon was spent in an informal way. Quite a number of people from out of town were in attendance, including many Knights and their families.

MARYVILLE HOME COMING.

Missouri City Modeling Celebration After Plan Followed in Creston.

The Creston Advertiser-Gazette of Saturday's issue says:

W. R. Jackson of Maryville is in the city today investigating the method by which the last two home coming celebrations in Creston were run, and the plan of entertaining the people who were the guests of the city on those occasions. Maryville has decided to hold a home coming celebration on the 6th, 7th, 8th, 9th and 10th of October in connection with a log rolling celebration by the Woodmen of the World.

Mr. Jackson states that so much favorable comment had been heard in Maryville upon the two Creston home coming celebrations that the merchants of that city were unanimously of the opinion that their celebration should follow the same lines, which is quite a tribute to Creston for the manner in which she has treated her visitors at the two celebrations.

CAR HIT ROPE ACROSS STREET.

L. G. Somerville Did Not See Obstruction Which Broke Top and Caught Him Under the Chin.

Last night Main street was cleared and roped off between Third and Fourth streets for thesecond outdoor union church services this summer. Although guards are stationed at the ropes to warn drivers they cannot get through, L. G. Somerville drove his car past the guard and into the rope before he could be stopped, breaking the top, but injuring no one.

Mr. Somerville swung from Third into Main. Chester Bennett, who was stationed there as guard, tried to warn him, but seeing that it was too late made an effort to lift the rope clear of the car. It caught under the top, however, snapped the two straps that held the top, bent the windshield and caught Mr. Somerville under the chin. He stopped the car in time to keep from being hurt, and the top which fell back on the persons in the rear seat did not hurt anyone.

Mr. Somerville and his family are living in Maryville this summer while he attends the Normal.

Normal Literary Societies Debated.

The assembly hour at the Normal school this morning was given over to the Eureka and Philomathean literary societies who debated the question, "Resolved, That Immigration Should be Further Restricted." The Eureka society, represented by Eugene Bird and Earl Richards took the affirmative side of the question, and the Philomathean society, represented by Ray Watson and Howard Rogers, defended the negative side of the question.

The Philomathean debaters won a unanimous vote.

PHONE MEETING

TO MAKE SECOND ATTEMPT AT MUTUAL UNION WEDNESDAY.

INTEREST IN IT GROWS

W. O. Garrett and Alfred Shackelford Work For Success of Plan to Improve Rural Lines.

The second meeting for the purpose of trying to organize a mutual telephone union in Nodaway county will be held at the court house next Wednesday afternoon, July 29.

A similar meeting was called July 1, but because many representatives were kept away by the bad roads, those present, after a discussion of the plan, postponed the meeting until next Wednesday.

W. O. Garrett and Alfred Shackelford have been visiting the different mutual telephone offices throughout the county during the last two weeks, urging a good attendance at the meeting, outlining the plan and learning the opinion of the persons visited in regard to the proposed union. Notices of the meeting have been sent to all the offices and others will be sent tomorrow to remind everybody of it.

Mr. Garrett said today that everyone he had talked with seemed to be in favor of the movement, and he expects an organization to be effected. He said that anyone who is interested in the plan is welcome to attend the meeting.

The purpose of the union is to take over the present lines, build nearly a hundred miles of new commercial lines and operate them for the best service. In this way it is hoped to get a sufficient number of toll lines to relieve the present crowded conditions. The county board that will control the union will be made up of a representative from each central office in the county.

SHENANDOAH WINS GAME

From Maryville Pirates on Sunday at Shenandoah—Score 6 to 4.

The ball game Sunday between the Maryville Pirates with the Shenandoah team at the latter place, resulted in a victory for Shenandoah, the score being 6 to 4. Shenandoah secured four hits and Maryville thirteen. Shenandoah's runs were made on errors of the Pirates. Childress was the star batter of the Pirates and Woodard made several sensational catches.

The Swaney Will.

The will of the late Alfred B. Swaney was filed in probate court today. It was written June 26, 1914, and was witnessed by Charles I. Hann and Elsie Bays. One-half of the estate, both real and personal, is left to his wife, Cora B. Swaney, and an adopted son is given \$200 and a team of his horses on reaching his majority. The will says if the son should remain at home with his mother and assists that he will receive one-half of the estate. A brother, George H. Swaney, is selected as trustee and executor of the estate.

On Fishing Trip Today.

Our Hard Times.

When one visits the shows, and the railroad trains, and the high priced restaurants, and sees the automobile trips, and the rich apparel of the ladies, and the summer jaunts, and the bills flitting about, he naturally thinks with President Wilson there is a good deal of psychology mixed up with the situation. Of course, there is some depression; there always is, in three-fourths of the cases good times made it. Business is like the tides of the ocean, up and down they go, according to law. Good times make bad times. That is easily explained. When bad times stop speculation, that is the first step to good times. But it is the funniest bad times when there seems to be plenty of money and nearly everybody is enjoying it. When good times really come we will hardly know what to do with ourselves.—Columbus (O.) Journal.

THE ONLY WOMAN SKIPPER.

Captain Georgia Orne is an interesting character on the Atlantic Coast.

In the "Interesting People" department of the August American Magazine appears a picture and a sketch of Captain Georgia Orne, the only woman skipper on the Atlantic coast. She owns a ship and bosses a crew without swearing at them. Following is an extract from the article:

"Captain Orne has been rather close to shipwreck since she received her master's license. But she never gets a fit of nerves, and she has never dreamed of retiring to the placid life which she has given up.

"It is extraordinary how she combines feminism with seamanship. That woman knows as much about a vessel as any man I ever saw," exclaimed the official who put her through the examination that won her skipper's certificate. She is so thoroughly a skipper that men sailors are not ashamed to sign up with the 'Hiram,' nor afraid, either.

"The 'Hiram' plies between Boston and ports in Maine, often with a cargo of lumber. During her visits to Boston the schooner lies at the foot of a very dirty, very smelly wharf at the mouth of Mystic river, often snuggled among two or three larger, taller craft. In the little cabin there are some cushioned chairs, two bunks, one above the other, and a small oil stove which is very useful on chilly days."

**DELEGATES NAMED
FOR PEACE MEETING**

Villar and Allende Will Represent
Carbajal at Saltillo.

Mexico City, July 27.—President Carbajal decided upon General Lauro Villar, chief of the supreme tribunal of military and justice, and Judge David Gutierrez Allende of the supreme court as the Mexican government's representatives to the Saltillo peace conference. They left for Saltillo today. Officials and diplomatic circles consider the delegates named well fitted for their task.

General Villar is expected to be especially acceptable to the Constitutionalists, as he possesses a clean military record. He commanded the troops at the national palace when it was attacked by General Bernardo Reyes and Felix Diaz and was severely wounded in the fight. Judge Allende has taken no part in politics recently and is not connected with any political party. He will represent the civil government at the peace conference, while General Villar will represent the army.

MUST YIELD TO CARRANZA

Unconditional Surrender Form Terms of Peace Chief.

Washington, July 27.—Advices to the effect that General Carranza is not disposed to make a formal agreement granting amnesty in advance of his actual assumption of power in Mexico City reached Washington from the headquarters of the Constitutional chief.

This is not in line with what the American government has previously understood to be Carranza's position, and it is feared it may disrupt the proposed peace conference in Mexico at its very beginning.

The United States has taken a definite position against an amnesty and guarantee of peace. Information as to Carranza's position was obtained from a source who was in contact with Carranza and who was believed to be reliable. Carranza would not accept the supporters of the Huerta government.

Now the constitutional chief insists that the surrender of the Carbajal government must be unconditional.

Doom of Fly Seen in Discovery.

Washington, July 27.—The doom of the germ-carrying fly is seen in a new discovery announced by the department of agriculture. Its use is declared to assure the complete extermination of the common housefly, which is largely blamed for spreading typhoid. The simplicity of the method, consisting of the sprinkling of a small amount of ordinary borax daily upon household and stable refuse, is said to guarantee its success.

Huerta Courts Army Favor.

Kingston, Jamaica, July 27.—General Huerta has passed his time quietly at his hotel since his arrival here from Puerto Mexico. He declares that when the other members of his family arrive he will proceed immediately to Europe, where he will watch the course of events in Mexico. The former dictator has displayed a strong desire to make the acquaintance of the local military authorities.

National Cash Register Fined.

Lansing, Mich., July 27.—The state supreme court found the National Cash Register company of Dayton, O., guilty of unlawful restraint of trade and imposed a fine of \$10,000. The company is restrained from doing business in Michigan until the fine is paid.

Kite Drags Boy to Death.

Jersey City, July 27.—A huge kite he was flying from his home dragged Harry Gercks, aged twelve, from the roof. He fell over the edge and was killed.

if Trouble Is to Be Averted.

Dublin, July 27.—Four persons, three men and one woman, are dead and more than sixty are in the hospital wounded as a result of a battalion of the King's Own Scottish Borderers firing into a mob in the streets of Dublin. Seven of the wounded are expected to die. Among them are three women and a boy of ten.

The affray was the result of a gun-running exploit of the Nationalists' volunteers, who were being aided by a mob composed largely of women and youths. A consignment of rifles, said to number 10,000, was landed at Howth, nine miles from Dublin, from a private yacht. The Nationalists' volunteers cut the telegraph wires and stopped travel on the Dublin roads and, according to reports, sent away most of the rifles, together with 70,000 rounds of ammunition, in motor cars.

Troops Called Out.

A battalion of the King's Own Scottish Borderers was ordered to capture the arms when the authorities heard the volunteers were bringing them into the city. The soldiers encountered a detachment of volunteers at Clonmel bridge and an outbreak resulted, but there was no shooting.

Soon great crowds collected and followed the troops, jeering them and cheering for John Redmond, the Nationalist leader, and home rule. Finally the mob began throwing bottles and stones, injuring several soldiers.

To this attack the battalion replied with a scattered fusillade. In an instant the streets were covered with wounded, while terrified men, women and children ran in all directions.

St. Jura's hospital is situated only 200 yards from the scene of the affray and the wounded were quickly taken there, where four of them died.

The soldiers and police seized 160 rifles from the volunteers.

Excited crowds filled the streets of Dublin, some of the men carrying rifles. The Borderers are confined to the barracks to prevent the people from attacking them.

The arms were landed at noon. The yacht was a sailing vessel, the name of which was painted over.

A thousand volunteers marched openly from Dublin to receive the arms, but declared they were merely making a practice march.

Police Ineffective.

Local police and the coast guard tried to prevent the landing of the arms, but were driven off.

When the Dublin authorities learned of the landing they sent sixty police to seize the arms. They were later reinforced by 200 others, under command of an assistant commissioner. The police were drawn up on both sides of the road along which the volunteers were returning, with soldiers in the center of the road. When the volunteers saw the mobilization, most of them got away with their arms, scattering through the fields. The police and soldiers tried to disarm the remainder.

Soldiers Use Bayonets.

In the resulting affray several revolver shots were fired by volunteers and a corporal and a private were wounded. The volunteers also used their rifles as clubs. The soldiers fired and used their bayonets freely, inflicting many cuts. Then they had a running fight with the volunteers and the rapidly growing mob through the streets to their barracks.

A number of policemen have been suspended for refusing to try to disarm the volunteers. After the troops had fired into the crowd, the angry populace in a spirit of revenge attacked individual soldiers and beat them brutally.

Lord Mayor Protests.

The lord mayor has issued a strong letter of protest, declaring the troops were ordered out without permission being asked of the lord mayor, and he demands that the responsibility shall be fixed for the calling out of the soldiers and for supplying them with ball cartridges. He adds:

"Dublin and Ireland look with confidence to John Redmond and his colleagues to bring to justice those responsible for this shocking outrage. There must no longer be one law for a section of the Ulster people and another law for the remainder of the Irish people."

ORANGE VOLUNTEERS PARADE

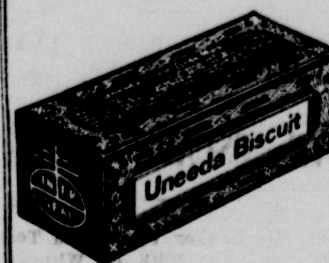

Boldest Exhibition of Ulster Strength Yet Attempted.

Belfast, July 27.—A parade of two full regiments of Ulster volunteers, numbering several thousand men, was held here. All the men carried rifles and were strongly guarded.

The marchers traversed the principal streets of the city and their demonstration, the boldest exhibition of Orange strength yet attempted in the home rule struggle, aroused great enthusiasm.

CAMPBELL INSISTENT

Senators Are Being Urged to Look to Their Fences.

Washington, July 27.—Members of congress are hearing from their constituents, urging them to get through with their legislative business as soon as possible and come home to look after their political fences. This applies to more than thirty of the senators, as well as to the representatives, for this fall comes the first general election for United States senators under the Seventeenth constitutional amendment.

Such Republican leaders as Senators Smoot, Chandler and Cullum, all of them vitally interested in trust legislation, are also interested in their own campaigns. Popular election of senators is a new thing for them and they believe that it will be well to get on the home ground early.

Hence they intend to prevent floundering against trust legislation and Republicans generally believe the debate will be a straightforward one from now on until three bills are passed.

"SOME OBSERVATIONS."

An Anonymous Correspondent Sends in a Few Pointed Sayings.

It is against the rules of the Observer and all other papers to publish anonymous communications, but the following received this week contains so many "good shots," some of them aimed at this publication, that the rule is suspended in this instance and here is the goods:

Hate never got anywhere but to hell, but love worketh wonders.

In my "Father's House" are many mansions; I should worry about my shanty here.

Did you ever notice what good detectives widows make?

If a candidate can run for judge how many females would it take to make an editor run?

Ever notice how easy it is for an editor to lie like a politician?

Hasn't a female negro as much goose wisdom as a female black?

A little child makes no distinction as to whether its mother is good or bad, it is just mother.

Who makes mother bad, anyhow?

Is it any cooler since the International Bible society has moved hell out of existence?

Is "Roosevelt's river" still flowing up stream?

A prophet has no honor until he dies or goes away.

Is the word friend always in the feminine gender?

Can't a male be a friend, or what can he be?

It makes lots of difference whose ox is gored.

If an alderman is good natured that is no reason why he should be imposed on.

Isn't it wonderful how long some cats' tails can grow when you rub their back the right way?

Big dogs have tails as well as little ones.

Quick on the Trigger With a Snap-Shot Eye

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready, at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. He takes no chances with his nerves.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it cannot bite your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.

SERVIA HUMBLER ITSELF IN VAIN

Nothing but War Will Satisfy Austrian Throne.

PROSPECT OF EUROPEAN WAR.

Chance of General Engagement Among Nations is Not Regarded at All Unlikely—All Avenues of Information Closed.

London, July 27.—The possibilities of a general European war appear greater than have ever confronted the present generation, as Austria seems fully determined to make war on Serbia.

The Serbian reply to the Austro-Hungarian ultimatum was an acceptance of almost all the imperial demands, except that Austrian officials shall participate in the investigations and fix the responsibility for the anti-Austrian propaganda.

Servia proposed an appeal to the powers at The Hague for the settlement of that feature. Notwithstanding this humiliating surrender, which was more than Europe expected of the proud little nation, the Austrian government gave the Serbian minister his passports, which may be construed as a virtual declaration of war.

First Act of War.

Austria also committed an act of war by arresting the chief of the Serbian general staff, General Putnik, near Budapest, but he was soon released by the emperor's direct command.

A formal declaration of war is not expected, because Servia is not a party to The Hague convention which requires this. The suspension of all parliamentary and judicial institutions have been decreed in Austria, and an ironclad censorship has drawn a curtain of secrecy around the country, so that the outside world is in complete ignorance of everything happening there except what the government wants the world to know.

Even now the Austrian armies may be closing in on Servia and launching a sudden blow, as Japan did when it sent its fleet against the Russian ships without warning.

While Austria announces a "partial mobilization," the Austrian ambassador at London has issued a significant notice to all Austrians liable for military service to return home. The only possibility of averting war is that at the eleventh hour Servia shall reconsider its reply to the Austrian note and bow to all the demands. Even then Austria proposes to exact payment for all its expenses in connection with its military measures.

Peace Hinges on Czar.

The question as to whether Russia will take up arms to save its Slav proteges from a crushing blow is the crucial feature of the situation on which the peace of all Europe hinges.

The same degree of secrecy which Austria has imposed has been established in Russia also, therefore it cannot be known what military preparations are in progress there. The Russian government has permitted messages to go forth quoting the St. Petersburg papers as considering intervention inevitable and defended by popular sentiment.

Germany has informed the other powers that it considers that the Austro-Servian quarrel concerns these nations alone. If any other power takes it up, it declares, serious consequences must follow.

Throughout Austria patriotic demonstrations continue and the censored messages convey the impression that the people are enthusiastic for war. Pro-Austrian rallies are being held in Berlin and similar demonstrations in favor of Servia in St. Petersburg and Paris. The British admiralty issued orders keeping the British fleet on a war footing.

A general mobilization in Montenegro is reported. Italy has informed Austria that in event of armed conflict with Servia it will adopt a friendly attitude, in accordance with its relations with the triple alliance.

Russia is Aroused.

St. Petersburg, July 27.—A decree was promulgated forbidding the publication for one year of detailed information concerning the army and navy. The cities of St. Petersburg and Moscow have been placed under a state of extraordinary protection—a modification of martial law. Another order prohibits unauthorized airplane flights near the German or Austrian borders or in the neighborhood of fortified places. Many Servian officers and reservists are returning home. The Slavs of Moscow are organizing a great demonstration.

More Cases of Plague.

New Orleans, July 27.—Two human cases of bubonic plague and three rodent cases were reported here by Dr. Rucker, assistant surgeon general in charge of plague eradication work, making a total of thirteen human cases and twelve rodent cases since the contagion appeared a month ago.

Charles Henrotin, Financier, Dies.

Chicago, July 27.—Charles Henrotin, for many years consul general of the Ottoman empire and first president of the Chicago Stock exchange, died at his residence here.

DUANE BROKE CAR

SON OF JOHN C. DAWSON RAN IT INTO DITCH SATURDAY.

FIVE ESCAPE INJURY

Grant City Banker Telephoned Today For Machine, With or Without Boy, to Be Sent Home.

"Fix the car, put the boy in it and have some good driver bring them home. If the boy won't come, bring the car and leave him."

This, in substance, was the message sent to the Wilderman garage this morning by John C. Dawson, president of the Citizens bank of Grant City. The boy is Duane Dawson, who ran off with his father's car two weeks ago and came to Maryville, and in coming here again last Saturday night ran into a ditch and smashed the car.

Young Dawson picked up four Sheridan, Mo., boys Saturday night and started to Maryville. When at the Council Corner school house, about three miles east of town, he lost control of the car in crossing one of the new bridges that the township board has been putting in. They were running about thirty miles an hour, Dawson told the garage men, when they struck the soft earth made by the fill. The car went into the ditch, which is six or seven feet deep, and turned over. The top was up and saved any of the boys from being hurt.

The car, however, was rather badly broken. The front axle was bent and one front wheel smashed. The top was broken and one side of the body bent so that the door would not shut.

The accident occurred between 10 and 11 o'clock, and the boys were brought to Maryville by another car which passed by soon after the accident. A repair car was sent out from the Wilderman garage and the damaged machine brought to town.

After Mr. Dawson's message from Grant City this morning, Roy Yeaman started at noon to drive the car back to Grant City.

Duane Dawson is the boy who had trouble over the same car here two weeks ago. He took it from home and came to Maryville without his parents' knowledge. His father sent word for the authorities to hold the car and send it home, and after several promises to take it back himself and as many delays, Duane drove the car home after a three days' absence.

ALL-STARS THREW GAME AWAY.

Errors Made It Easy for Whitesville to Win 6 to 3 Game Sunday.

The All Stars literally threw away the game at Riffe's Park yesterday to the Whitesville base ball team, losing 6 to 3.

After the fourth inning there wasn't anything to it—too much Thares. After the All Stars had scored two runs in the second and added another in the fourth, Carmichael fielded a bunt, threw it wide to his brother on first. He caught the fever and threw wide to Miller on third. When the ball was corralled at home one score was registered, and another runner was on second. Two hits and an out scored two more. Whitesville duplicated the trick in the eighth. Wogan came to Carmichael's relief in the ninth.

Summary—Struck out, Wogan 2, Thares 7. Carmichael issued two free passes, Wogan 1 and Thares 2. Hit by pitched ball, Carmichael 1.

Score by innings.

R. H. E.	
Whitesville	000003030—6 10 4
Maryville	020100000—3 6 0
Batteries—Thares and Clevy; C. Carmichael and Wogan and Carmichael.	

WORKMAN INJURED.

James Yeager Falls From Second Story—Badly Injured.

About noon today, while working on the new home of Mrs. Charles Ayer, on West Fourth street, James Ayer, a carpenter, fell from a scaffold and was quite badly injured. Yeager was standing on a scaffold at the top of the second story when the board broke. As he hit the ground he struck a pile of lumber. His face and head was cut and bruised and he received some bad contusions and it is feared internal injuries. After his fall, Yeager walked to his home, a few blocks distant. A physician was summoned and the examination found his injuries to be serious.

LOGAN CHILD DIES.

Funeral Services Tomorrow Morning at Skidmore Church.

Paul Marquis, the 5-year-old son of Mr. and Mrs. M. H. Logan of near Quitman, died yesterday morning at St. Francis hospital in this city. The child was brought to the hospital Friday suffering with a severe case of appendicitis, for which he underwent an operation Saturday.

The funeral services will be held at 10 o'clock Tuesday morning at the Christian church at Skidmore.

ON TRIP ABROAD.

Mr. and Mrs. Kuchs Start Tomorrow On Extensive Trip to Europe.

Mr. and Mrs. Richard Kuchs will leave in the morning for St. Joseph, where they will be joined by Mr. Kuchs' brother and his wife, Mr. and Mrs. Carl Kuchs and the party will then journey to New York City, stopping at several places en route and will sail on August 5, on the Vaterland, for three months trip abroad. They will visit the old homes of both Mr. and Mrs. Kuchs in Germany and places of interest on the continent and in England before returning. Richard Kuchs, Jr., of Springfield, Ill., arrived in Maryville Sunday to visit his parents before they start on their journey.

KEMPS FINISH THEIR TOUR.

Return Saturday Night From Three Weeks' Motor Trip Through West—See Good Crops.

Mr. and Mrs. S. H. Kemp and family returned Saturday night from a three weeks' motor trip through the West. Their trip to Denver, with side excursions, covered 2,200 miles, and one puncture was the only trouble of any kind they had.

Mr. Kemp said this morning that the crops all through the west along the Platte river were luxuriant. Alfalfa, sugar beets and wheat are the staple crops, and he said it looked as if there were enough to supply the world. Not until they reached Columbus, Neb., on their return trip did they see any effects of the hot, dry weather. There the corn was beginning to fire.

On the trip Mr. Kemp visited the Y. M. C. A.'s and gathered information as to their cost and methods of operation to present to the Y. M. C. A. committee here.

TODAY'S NOON HOTTEST OF YEAR.

Was 102 at 12 o'clock—Government Predicts Showers and Cooler the Latter Part of the Week.

The temperature at 12 o'clock today was hotter than it has been at noon any other day this summer. The thermometer registered 102. Yesterday's highest temperature was 100.

The hottest day this year was two weeks ago Sunday, when the thermometer went to 106. This was one degree higher than the hottest July day last year, July 16. For five consecutive years now the thermometer has gone above 100 in July, but previous to this time it reached 100 in only four of twenty years.

The weather report sent out from Washington yesterday predicts warm and generally fair weather over the whole country for the first half of the week. After that will come local showers and thunderstorms, followed by cooler weather in the northern and central states.

ROLL-TOP DESK IS BARRED.

In the Interest of Efficiency Eastern Railroad Equips Its Offices With Modern Furnishings.

This is an age of efficiency, and in the successful stores, offices and corporations one sees many things that make for more efficient work on the part of every one from the big boss down to the janitor.

Nowhere perhaps is efficiency more rigidly demanded than on most of the railroads. An order just issued by an eastern railroad is illustrative of the point. This order forbids the use of roll-top desks by any of the employees—all offices from the president's down and all those along the system have been equipped with flat-top desks.

This is so the men will not cram pigeonholes full of papers and pile work and papers on their desks, close them up and go home. The man with a flat-top desk will clear it off before leaving; in fact, it's mandatory in this case, and he steps up to his desk the next morning, not having to fuss and fume over a pile of unsorted papers, but ready to dig right in on the day's job. There's nothing left undone from yesterday.

TO BE 15 FLIGHTS

BLERIOT MONOPLANE WILL GO UP EACH DAY OF FAIR.

IT MAY BE INSPECTED

Iowa Brigade Band Will Be Here Five Days—Billing of Country Starts Wednesday.

Fifteen aeroplane flights, assured under any conditions of weather except a tornado, have been secured for the Nodaway county fair. Three flights will be made each day at 10 o'clock in the morning, 1 and 5:30 o'clock in the afternoon.

The contract for these flights has been signed with the Moissant company, one of the largest and most responsible companies in the country. Every man sent out guarantees to fly in any kind of weather except a tornado. A Blériot monoplane, different from any machine ever seen here, will be used for the flights. The aviator who comes with it will bring his mechanics and a hangar to keep the monoplane in. Between the flights the machine will be on exhibition and may be freely inspected by the fair visitors.

The Iowa Brigade band of Oskaloosa has been secured to come here for the five days of the fair. It will camp on the grounds, and with the Maryville band will furnish the music for the fair.

J. M. Stevens, manager of the fair, returned this morning from Des Moines and said that the lithographic posters for the fair would be here tomorrow, and that Wednesday cars would be sent out over the county and the work of billing the surrounding towns and country begun.

NO ABSENT PRIMARY VOTE.

Secretary of State Roach Rules Election Rule Doesn't Apply.

Cornelius P. Roach, secretary of state, has ruled that absentee voters will not be permitted to vote in the state primary August 4. Roach ruled the law which permits traveling men, students, railroad men and others whose business takes them away from home on election day, to cast their votes by mail, does not apply to the primary.

SHEPHERD LEAVES

NORMAL MAN RESIGNED POSITION SATURDAY.

HE WILL GO TO OREGON

Has \$2,000 Place in State Agricultural College at Corvallis—Is a Large School.

Prof. Frank H. Shepherd, director of the manual training department of the Normal, resigned last Saturday and will go to the Oregon Agricultural college at Corvallis, Ore., to take a position just offered him.

Mr. Shepherd's resignation here was accepted by the board of regents and will take effect September 1. He left Saturday with several members of the graduating class for Menomonee, Wis., to spend five weeks in the summer term of the Stout Industrial Training school. He will not leave for Oregon until after that.

Mr. Shepherd goes to take charge of a new course of work in the Oregon Agricultural college. By an act of the last legislature the work of the state schools of Oregon is not duplicated. The agricultural college was made the school for the training of teachers in agriculture, domestic science and manual training. Formerly this technical work was given with no thought of training teachers. A four years' course, leading to the A. B. degree, with a special view to preparing teachers for work along these lines is now established. It is this department of the school of which Mr. Shepherd will have charge. In addition, he will visit the schools of the state in the capacity of an inspector, with special reference to the vocational education as taught in the schools, and he will act as an advisor with superintendents as to the courses of study and equipment. His salary will be \$2,000 a year.

The Oregon Agricultural college is located at Corvallis, Benton county, Ore., eighty miles south of Portland. It is in the Willamette valley, between the coast range and Cascade mountains, about forty miles from the Pacific coast. The school is one of the largest in the state, has fifty-one buildings on the campus and last year enrolled 3,700 students.

Mr. Shepherd came to Maryville from Crede, Col., in May, 1911. He re-

organized the department of manual training, which had been closed for several years, and the students who have specialized in that department and been graduated have all gone out to good positions in this and other states.

As President Richardson received no notice of Mr. Shepherd's resignation until Saturday, he has made no plans for filling the vacancy.

Mrs. Shepherd will leave next week for Denver, Col., to visit with her parents and will go on to Corvallis with Mr. Shepherd about September 1.

BIG CROWD AT ANNUAL PICNIC.

Knights of Columbus Celebrate Day at Chauntanqua Park.

Nearly three hundred people attended the annual picnic given yesterday by the Knights of Columbus at Chauntanqua park. Dinner was served at noon. The people attending brought baskets of good things, and the Knights provided ice cream and iced lemonade for the crowd. During the afternoon a few amateur athletic stunts were on the program. In the fat men's race, William Doffing and Ed Gallagher tied for the honors and had to do the race over, Gallagher winning. John Costello won on the sack race for boys and Mary Cummins in the egg race for girls. In the ball throwing contest for women, Mrs. Mary Tobin won the prize. The rest of the afternoon was spent in an informal way. Quite a number of people from out of town were in attendance, including many Knights and their families.

MARYVILLE HOME COMING.

Missouri City Modeling Celebration After Plan Followed in Creston.

The Creston Advertiser-Gazette of Saturday's issue says:

W. R. Jackson of Maryville is in the city today investigating the method by which the last two home coming celebrations in Creston were run, and the plan of entertaining the people who were the guests of the city on those occasions. Maryville has decided to hold a home coming celebration on the 6th, 7th, 8th, 9th and 10th of October in connection with a log rolling celebration by the Woodmen of the World.

Mr. Jackson states that so much favorable comment had been heard in Maryville upon the two Creston home coming celebrations that the merchants of that city were unanimously of the opinion that their celebration should follow the same lines, which is quite a tribute to Creston for the manner in which she has treated her visitors at the two celebrations.

CAR HIT ROPE ACROSS STREET.

L. G. Somerville Did Not See Obstruction Which Broke Top and Caught Him Under the Chin.

Last night Main street was cleared and roped off between Third and Fourth streets for thesecond outdoor union church services this summer. Although guards are stationed at the ropes to warn drivers they cannot get through. L. G. Somerville drove his car past the guard and into the rope before he could be stopped, breaking the top, but injuring no one.

Mr. Somerville swung from Third into Main. Chester Bennett, who was stationed there as guard, tried to warn him, but seeing that it was too late made an effort to lift the rope clear of the car. It caught under the top, however, snapped the two straps that held the top, bent the windshield and caught Mr. Somerville under the chin. He stopped the car in time to keep from being hurt, and the top which fell back on the persons in the rear seat did not hurt anyone.

Mr. Somerville and his family are living in Maryville this summer while he attends the Normal.

Normal Literary Societies Debated.

The assembly hour at the Normal school this morning was given over to the Eureka and Philomathean literary societies who debated the question, "Resolved, That Immigration Should be Further Restricted." The Eurekaan society, represented by Eugene Bird and Earl Richards took the affirmative side of the question, and the Philomathean society, represented by Ray Watson and Howard Rogers, defended the negative side of the question.

The Philomathean debaters won a unanimous vote.

PHONE MEETING

TO MAKE SECOND ATTEMPT AT MUTUAL UNION WEDNESDAY.

INTEREST IN IT GROWS

W. O. Garrett and Alfred Shackelford Work For Success of Plan to Improve Rural Lines.

The second meeting for the purpose of trying to organize a mutual telephone union in Nodaway county will be held at the court house next Wednesday afternoon, July 29.

A similar meeting was called July 1, but because many representatives were kept away by the bad roads, those present, after a discussion of the plan, postponed the meeting until next Wednesday.

W. O. Garrett and Alfred Shackelford have been visiting the different mutual telephone offices throughout the county during the last two weeks, urging a good attendance at the meeting, outlining the plan and learning the opinion of the persons visited in regard to the proposed union. Notices of the meeting have been sent to all the offices and others will be sent tomorrow to remind everybody of it.

Mr. Garrett said today that everyone he had talked with seemed to be in favor of the movement, and he expects an organization to be effected. He said that anyone who is interested in the plan is welcome to attend the meeting.

The purpose of the union is to take over the present lines, build nearly a hundred miles of new commercial lines and operate them for the best service. In this way it is hoped to get a sufficient number of toll lines to relieve the present crowded conditions. The county board that will control the union will be made up of a representative from each central office in the county.

SHENANDOAH WINS GAME

From Maryville Pirates on Sunday at Shenandoah—Score 6 to 4.

The ball game Sunday between the Maryville Pirates with the Shenandoah team at the latter place, resulted in a victory for Shenandoah, the score being 6 to 4. Shenandoah secured four hits and Maryville thirteen. Shenandoah's runs were made on errors of the Pirates. Childress was the star batter of the Pirates and Woodard made several sensational catches.

The Swaney Will.

The will of the late Alfred B. Swaney was filed in probate court today. It was written June 26, 1914, and was witnessed by Charles I. Hann and Elsie Bays. One-half of the estate, both real and personal, is left to his wife, Cora B. Swaney, and an adopted son in given \$200 and a team of his horses on reaching his majority. The will says if the son should remain at home with his mother and assists that he will receive one-half of the estate. A brother, George H. Swaney, is selected as trustee and executor of the estate.

Our Hard Times.

When one visits the shows, and the railroad trains, and the high priced restaurants, and sees the automobile trips, and the rich apparel of the ladies, and the summer jaunts, and the \$5 bills flitting about, he naturally thinks with President Wilson there is a good deal of psychology mixed up with the situation. Of course, there is some depression; there always is, in three-fourths of the cases good times made it. Business is like the tides of the ocean, up and down they go, according to law. Good times make bad times. That is easily explained. When bad times stop speculation, that is the first step to good times. But it is the funniest bad times when there seems to be plenty of money and nearly everybody is enjoying it. When good times really come we will hardly know what to do with ourselves—Columbus (O.) Journal.

THE ONLY WOMAN SKIPPER.

Captain Georgia Orne is an interesting character on the Atlantic Coast.

In the "Interesting People" department of the August American Magazine appears a picture and a sketch of Captain Georgia Orne, the only woman skipper on the Atlantic coast. She owns a ship and bosses a crew without swearing at them. Following is an extract from the article:

"Captain Orne has been rather close to shipwreck since she received her master's license. But she never gets a fit of 'nerves,' and she has never dreamed of retiring to the placid life which she has given up.

"It is extraordinary how she combines feminism with seamanship. 'That woman knows as much about a vessel as any man I ever saw,' exclaimed the official who put her through the examination that won her skipper's certificate. She is so thoroughly a skipper that men sailors are not ashamed to sign up with the 'Hiram,' nor afraid, either.

"The 'Hiram' plies between Boston and ports in Maine, often with a cargo of lumber. During her visits to Boston the schooner lies at the foot of a very dirty, very smelly wharf at the mouth of Mystic river, often snuggled among two or three larger, taller craft. In the little cabin there are some cushioned chairs, two bunks, one above the other, and a small oil stove which is very useful on chilly days."

**DELEGATES NAMED
FOR PEACE MEETING**
Villar and Allende Will Represent
Carbajal at Saltillo.

Mexico City, July 27.—President Carbajal decided upon General Lauro Villar, chief of the supreme tribunal of military and justice, and Judge David Gutierrez Allende of the supreme court as the Mexican government's representatives to the Saltillo peace conference. They left for Saltillo today. Officials and diplomatic circles consider the delegates named well fitted for their task.

General Villar is expected to be especially acceptable to the Constitutionalists, as he possesses a clean military record. He commanded the troops at the national palace when it was attacked by General Bernardo Reyes and Felix Diaz and was severely wounded in the fight. Judge Allende has taken no part in politics recently and is not connected with any political party. He will represent the civil government at the peace conference, while General Villar will represent the army.

MUST YIELD TO CARRANZA

Unconditional Surrender Form Terms of Rebel Chief.

Washington, July 27.—Advice to the effect that General Carranza is not disposed to make a formal agreement granting amnesty in advance of his actual assumption of power in Mexico City reached Washington from the headquarters of the Constitutional chief.

It is not in line with what the American government has previously understood to be Carranza's position, and a dispatch upon which dispatch the proposed peace conference in Mexico at its very beginning.

The chief of the rebels has taken a definite position, saying that an amnesty and pardon of rebels, "inasmuch as such a measure would be a reward for the rebels, and would be a disgrace to the government."

Now the government's chief, in stating that the surrender of the Carbajal government must be unconditional.

Doom of Fly Seen in Discovery.

Washington, July 27.—The doom of the germ-carrying fly is seen in a new discovery announced by the department of agriculture. Its use is declared to assure the complete extermination of the common housefly, which is largely blamed for spreading typhoid. The simplicity of the method, consisting only of the sprinkling of a small amount of ordinary borax daily upon household and stable refuse, is said to guarantee its success.

Huerta Courts Army Favor.

Kingston, Jamaica, July 27.—General Huerta has passed his time quietly at his hotel since his arrival here from Puerto Mexico. He declares that when the other members of his family arrive he will proceed immediately to Europe, where he will watch the course of events in Mexico. The former dictator has displayed a strong desire to make the acquaintance of the local military authorities.

National Cash Register Fined.

Lansing, Mich., July 27.—The state supreme court found the National Cash Register company of Dayton, O., guilty of unlawful restraint of trade and imposed a fine of \$10,000. The company is restrained from doing business in Michigan until the fine is paid.

Kite Drags Boy to Death.

Jersey City, July 27.—A huge kite he was flying from his home dragged Harry Gercks, aged twelve, from the roof. He fell over the edge and was killed.

KING'S OWN MEN FIRE INTO CROWD

Four Persons Killed and Many
Injured in Dublin.

VOLUNTEERS LAND RIFLES.

Lord Mayor Declares Time Has Come
When There Must Be Same Laws
For One Part of Ireland as For Other if Trouble Is to Be Averted.

Dublin, July 27.—Four persons, three men and one woman, are dead and more than sixty are in the hospital wounded as a result of a battle of the King's Own Scottish Borderers firing into a mob in the streets of Dublin. Seven of the wounded are expected to die. Among them are three women and a boy of ten.

The affray was the result of a gun-running exploit of the Nationalists' volunteers, who were being aided by a mob composed largely of women and youths. A consignment of rifles, said to number 10,000, was landed at Howth, nine miles from Dublin, from a private yacht. The Nationalists' volunteers cut the telegraph wires and stopped travel on the Dublin roads and, according to reports, sent away most of the rifles, together with 70,000 rounds of ammunition, in motor cars. Troops Called Out.

A battalion of the King's Own Scottish Borderers was ordered to capture the arms when the authorities heard the volunteers were bringing them into the city. The soldiers encountered a detachment of volunteers at Connemell bridge and an outbreak resulted, but there was no shooting.

Soon great crowds collected and followed the troops, jeering them and cheering for John Redmond, the Nationalist leader, and home rule. Finally the mob began throwing bottles and stones, injuring several soldiers.

To this attack the battalion replied with a scattered fusillade. In an instant the streets were covered with wounded, while terrified men, women and children ran in all directions.

St. James hospital is situated only 200 yards from the scene of the affray and the wounded were quickly taken there, where four of them died.

The soldiers and police seized 100 rifles from the volunteers. Excited crowds filled the streets of Dublin, some of the men carrying rifles. The Borderers are confined to the barracks to prevent the people from attacking them.

The arms were landed at noon. The yacht was a sailing vessel, the name of which was painted over.

A thousand volunteers marched openly from Dublin to receive the arms, but declared they were merely making a practice march.

Police Ineffective.

Local police and the coast guard tried to prevent the landing of the arms, but were driven off. When the Dublin authorities learned of the landing they sent sixty police to seize the arms. They were later reinforced by 200 others, under command of an assistant commissioner. The police were drawn up on both sides of the road along which the volunteers were returning, with soldiers in the center of the road. When the volunteers saw the mobilization, most of them got away with their arms, scattering through the fields. The police and soldiers tried to disarm the remainder.

Soldiers Use Bayonets.

In the resulting affray several revolver shots were fired by volunteers and a corporal and a private were wounded. The volunteers also used their rifles as clubs.

The soldiers fired and used their bayonets freely, inflicting many cuts. Then they had a running fight with the volunteers and the rapidly growing mob through the streets to their barracks.

Lord Mayor Protests.

The lord mayor has issued a strong letter of protest, declaring the troops were ordered out without permission being asked of the lord mayor, and he demands that the responsibility shall be fixed for the calling out of the soldiers and for supplying them with ball cartridges. He adds:

"Dublin and Ireland look with confidence to John Redmond and his colleagues to bring to justice those responsible for this shocking outrage. There must no longer be one law for a section of the Ulster people and another law for the remainder of the Irish people."

ORANGE VOLUNTEERS PARADE

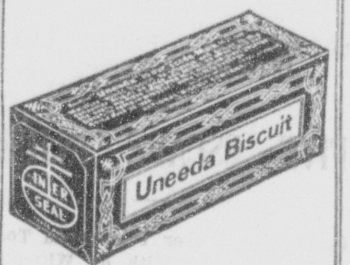

Boilest Exhibition of Ulster Strength Yet Attempted.

Belfast, July 27.—A parade of two full regiments of Ulster volunteers, numbering several thousand men, was held here. All the men carried rifles and were strongly guarded.

The marchers traversed the principal streets of the city and their demonstration, the boldest exhibition of Orange strength yet attempted in the home rule struggle, aroused great enthusiasm.

CAMPBELL INSISTENT

Senators Are Being Urged to Look to Their Fences.

Washington, July 27.—Members of congress are hearing from their constituents, urging them to get through with their legislative business as soon as possible and come home to look after their political fences. This applies to more than thirty of the senators, as well as to the representatives, for this fall comes the first general election for United States senators under the Seventeenth constitutional amendment.

Such Republican senators as Smoot, Chandler and Cullum, all of them vitally interested in trust legislation, are also interested in their own campaigns. Popular election of senators is a new thing for them and they believe that it will be well to get on the home ground early.

Hence they intend to prevent floundering against trust legislation and Republicans generally believe the debate will be a straightforward one from now on until three bills are passed.

In a letter from Mr. Gingrich July 16, he states that crops are fine, that on July the fourth they had three inches of rain and a good rain on the 15th. Everything looking fine. Corn is laid by and that he has planted nearly every thing you could think of and its doing fine and his suggestion to us is tell my friends up there that they should come down and look at the country, that its fine. That its a good stock country and no one can lose, but bound to make money. That its a fine stock country and anything you plant takes hold.

Quick on the Trigger With a Snap-Shot Eye

THE crack trapshooter has to be a man with steady nerves and muscles absolutely under control—always ready, at the sudden jerk of a string to swing his gun into place and bring down his clay pigeon. This means trained, not to the minute, but to the split-second. He takes no chances with his nerves.

We present the names of some of these crack shots who smoke Tuxedo. They like to smoke; but they take no chances on a tobacco that might "throw them off."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is purposely made to give you all the benefits of the highest grade smoke. It is made from the very finest tobacco Kentucky grows—ripe, mellow, sweet and mild old Burley, aged right up to perfection-day. Then treated by the original "Tuxedo Process," which takes out the sting, makes Tuxedo smoke cool and slow, and guarantees that it cannot bite your tongue.

Tuxedo has had many imitators; none has ever equalled it in sheer quality and smoking-value.

SERVIA HUMBLER ITSELF IN VAIN

Nothing but War Will Satisfy Ausrian Throne.

PROSPECT OF EUROPEAN WAR.

Chance of General Engagement Among Nations Is Not Regarded at All Unlikely—All Avenues of Information Closed.

London, July 27.—The possibilities of a general European war appear greater than have ever confronted the present generation, as Austria seems fully determined to make war on Serbia.

The Serbian reply to the Austro-Hungarian ultimatum was an acceptance of almost all the imperial demands, except that Austrian officials shall participate in the investigations and fix the responsibility for the anti-Austrian propaganda.

Servia proposed an appeal to the powers at The Hague for the settlement of that feature. Notwithstanding this humiliating surrender, which was more than Europe expected of the proud little nation, the Austrian government gave the Serbian minister his passports, which may be construed as a virtual declaration of war.

First Act of War.

Austria also committed an act of war by arresting the chief of the Serbian general staff, General Putnik, near Budapest, but he was soon released by the emperor's direct command.

A formal declaration of war is not expected, because Serbia is not a party to The Hague convention which requires this. The suspension of all parliamentary and judicial institutions have been decreed in Austria, and an ironclad censorship has drawn a cordon of secrecy around the country, so that the outside world is in complete ignorance of everything happening there except what the government wants the world to know.

Even now the Austrian armies may be closing in on Serbia and launching a sudden blow, as Japan did when it sent its fleet against the Russian ships without warning.

While Austria announces a "partial mobilization," the Austrian ambassador at London has issued a significant notice to all Austrians liable for military service to return home. The only possibility of averting war is that at the eleventh hour Serbia shall reconsider its reply to the Austrian note and bow to all the demands. Even then Austria proposes to exact payment for all its expenses in connection with its military measures.

Peace Hinges on Czar.

The question as to whether Russia will take up arms to save its Slav proteges from a crushing blow is the crucial feature of the situation on which the peace of all Europe hinges.

The same degree of secrecy which Austria has imposed has been established in Russia also, therefore it cannot be known what military preparations are in progress there. The Russian government has permitted messages to go forth quoting the St. Petersburg papers as considering intervention inevitable and defended by popular sentiment.

Germany has informed the other powers that it considers that the Austro-Serbian quarrel concerns these nations alone. If any other power takes it up, it declares, serious consequences must follow.

Throughout Austria patriotic demonstrations continue and the censored messages convey the impression that the people are enthusiastic for war. Pro-Austrian rallies are being held in Berlin and similar demonstrations in favor of Serbia in St. Petersburg and Paris. The British admiralty issued orders keeping the British fleet on a war footing.

A general mobilization in Montenegro is reported. Italy has informed Austria that in event of armed conflict with Serbia it will adopt a friendly attitude, in accordance with its relations with the triple alliance.

Russia Is Aroused.

St. Petersburg, July 27.—A decree was promulgated forbidding the publication for one year of detailed information concerning the army and navy. The cities of St. Petersburg and Moscow have been placed under a state of extraordinary protection—a modification of martial law. Another order prohibits unauthorized airplane flights near the German or Austrian borders or in the neighborhood of fortified places. Many Serbian officers and reservists are returning home. The Slavs of Moscow are organizing a great demonstration.

More Cases of Plague.

New Orleans, July 27.—Two human cases of bubonic plague and three rodent cases were reported here by Dr. Rucker, assistant surgeon general in charge of plague eradication work, making a total of thirteen human cases and twelve rodent cases since the contagion appeared a month ago.

Charles Henrotin, Financier, Dies.

Chicago, July 27.—Charles Henrotin, for many years consul general of the Ottoman empire and first president of the Chicago Stock exchange, died at his residence here.

Obituary.

Alfred Burley Swaney was born in Barry county, Missouri, December 21, 1870. When about 4 years old he was brought by his parents to Nodaway county, where he was married to Cora Belle Wilder, and until his death they lived together at their home, six miles northeast of Burlington Junction.

In 1895 he united with the Christian church at Sheridan, and continued in the faith to the end. He is survived by his wife, his father and mother, G. W. and Elizabeth Swaney, of Pickering; one son, Henry, eight brothers and one sister. July 23 the body was taken to Clearmont Christian church, where Elder W. A. Chapman of Rosendale conducted the funeral service, and burial was in Clearmont cemetery.
